RUNYON CANYON
Filming Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks. In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

In order to maintain and preserve Runyon Canyon as an attractive environment for both park patrons and the film industry, we ask that you follow the guidelines below:

- Companies are requested to inform all film crew members of the written guidelines for Runyon Canyon.
- Vehicles may not block the asphalt road at any time.
- Vehicles are not allowed on dirt trails.
- Driving shots more that 15 m.p.h. or those causing vehicles to skid off the road or hit any tree, are not permitted.
- Night filming and using Musco lights require special approval.
- The company's activities must give the "right of way" to excessive traffic of park patrons.
- Cutting any chaparral vegetation and filming in the area overgrown by the chaparral is not permitted.
- Bolting or nailing into the trees is not permitted.
- Staking allowed only at monitors discretion.
- Bringing soil, mulches, leaves and other material used for footing or blowing effects is not permitted unless approved by the Park Maintenance Supervisor.
- Digging holes, trenches and ponds is not permitted unless approved by the Park Maintenance Supervisor.
- Alterations to the landscape, including the dirt road, must be leveled off before the company leaves the location.
- Companies must provide toilets from beginning to end of the reservation period.
